# NOON

Usability Test

Goal

The goal of this test is to set up a director, and pair it with one extender so that they can be used to turn on and off lights.
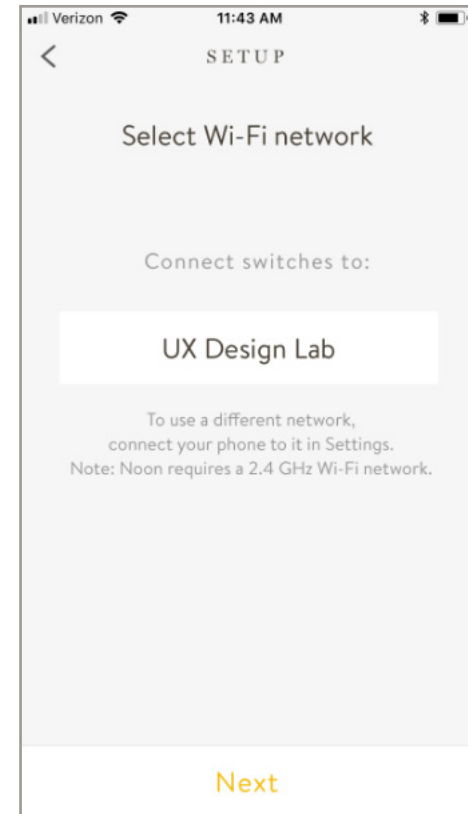

Step 1

Go to the App store and download the NOON App.

Step 2

Once the NOON App is loaded
open the App and log in.

User Email: digitalmedia@uvu.edu
Password: NOON2018

Step 3

After logging in, connect the
NOON App to the Wi-Fi

Wi-Fi Password: UXLab@cc3$$

Step 4

For this scenario, select "open plan" at the top of the list.
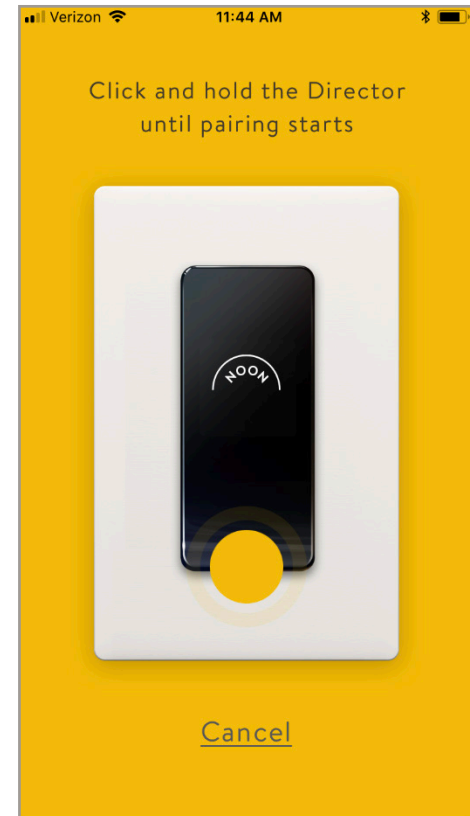

Step 5

Observe that the director is plugged into the wall.

Go to the App and add a director
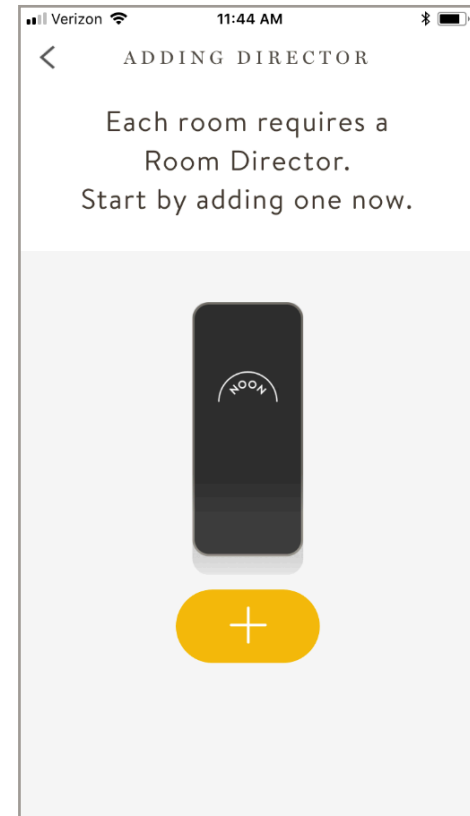

Step 6

After adding director, start paring.

Step 7

After syncing is complete, you should see this displayed on the director switch. If the director has failed to connect, you will see a message reading "can't connect" on both the App and Phone. If this happens, you need to exit the App and go back to step one.
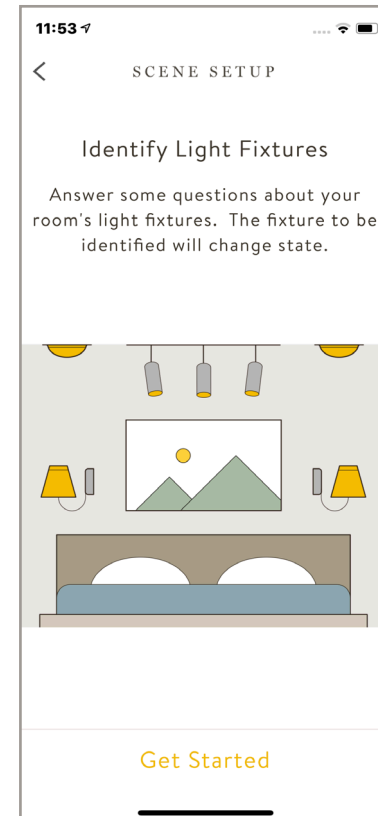

Step 8

Now that the director switch is connected, tap "no" to continue setting up the director individually.
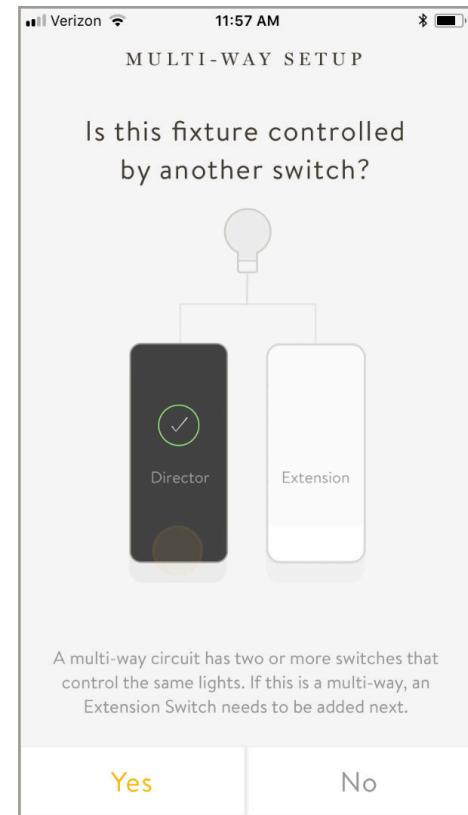

Step 9

Select Light Fixture by first selecting "Get Started."

Step 10

Select Recessed from the ceiling
light options.

Step 11

Select How many Recessed fixtures, click on done. When the next page after you click done comes up, just click next.
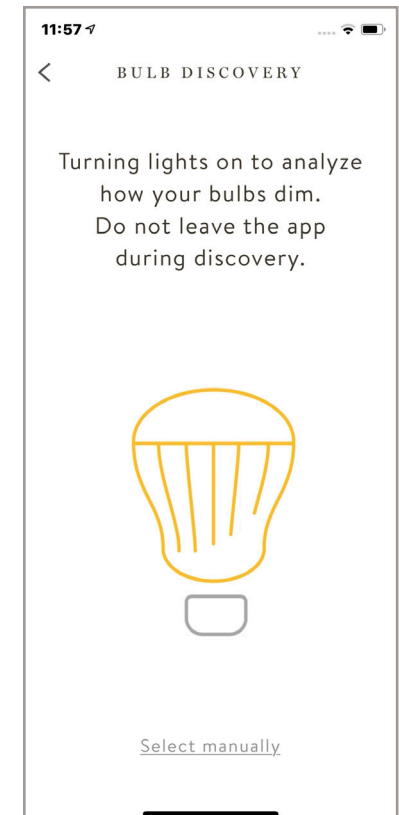

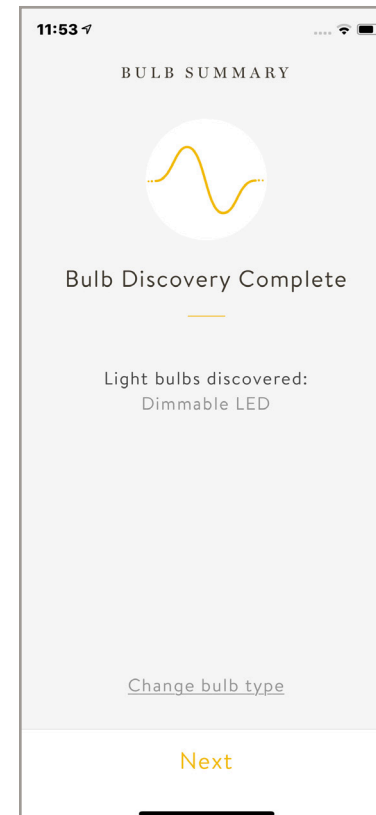

Step 12

When you are setting up bulb type,
click "Auto."

Step 13

Wait for the lights to be tested by the noon system, then you will click next on the screen afterwards.

BULB SUMMARY

Bulb Discovery Complete

Light bulbs discovered:
Dimmable LED

Change bulb type

Next

< BULB DISCOVERY

Turning lights on to analyze
how your bulbs dim.
Do not leave the app
during discovery.
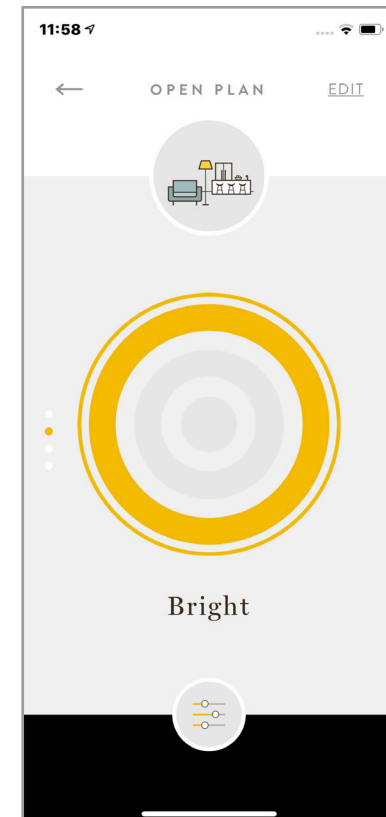

Select manually

Step 14

When this screen comes up, click
Done Adding Extension.

Step 14

Test the different light settings that are connected to the director including dimming by swiping up and down on the App and director.
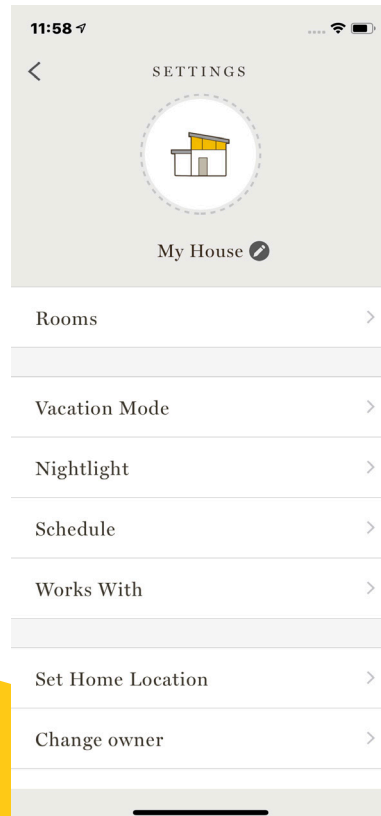

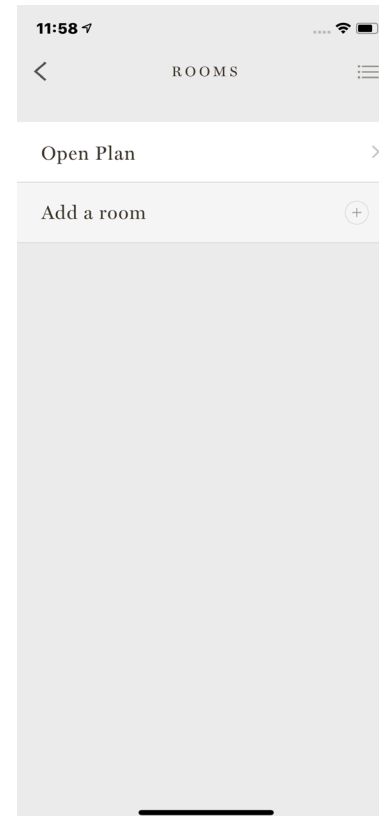

After testing, tap the back button.
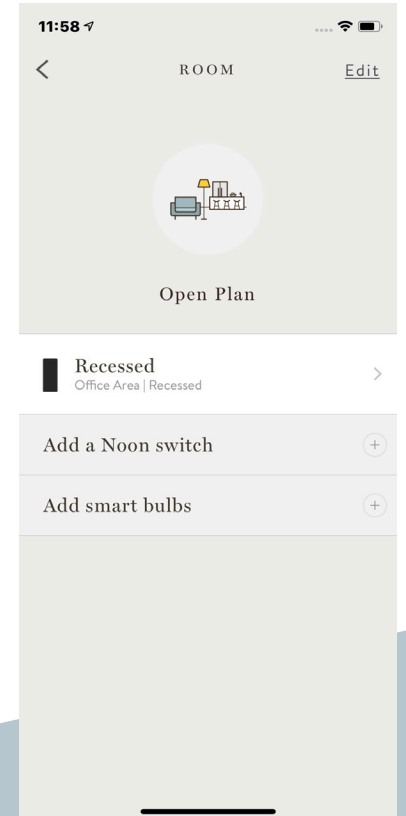

Step 14

Click the Settings Icon

## Click "Rooms"

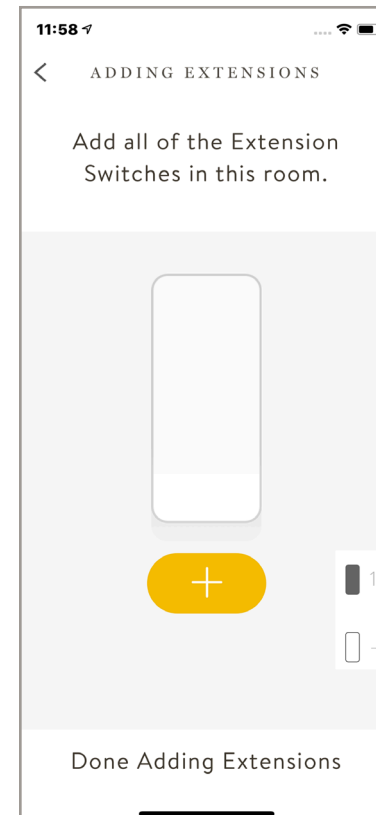

Click "Open Plan"

Click "Add a Noon Switch"

Step 15

Add an Extension, then select
Office Area on the next screen.

Step 16

To sync the extension switch, press and hold the switch similarly to how you set up the director switch.

We will show you which one to add in the room.

Step 17

When it asks to add another extension, click "no."

Test the lights on the extension to see if they will turn on and off lights.
